

WARNING SIGNS

The following are some of the symptoms that should alert you to the possibility of an impending or existing complication and you should contact the clinic:

- Infection:
 Infection may be present if you notice:
- (i) Increased (rather than decreasing) facial swelling after the first 24 - 36 hours.
 - (i) Redness spreading beyond the area of resurfacing, that is warm and tender to touch.

VENUS VIVA™ FRACTIONAL RF POST-PROCEDURAL CARE INSTRUCTION BOOKLET - ACKNOWLEDGMENT AND RELEASE

I, _____ have had an opportunity to review the Venus Viva™ Fractional RF Post-Procedural Care Instruction Booklet. I understand the items it contains and have initialed each page. I have been given an opportunity to ask any questions regarding these instructions and have had these questions answered to my satisfaction.

I understand that my cosmetic outcome may be compromised or a complication may ensue by:

1. Failure to attend any scheduled post-procedural visit.
2. Failure to follow post-procedural care instructions.
3. Failures to report symptoms or signs that are unusual or concerning.
